Technical Operations Specialist | Farol Oy

May 2022 - Present, Espoo, Finland

Farol concept is simple and straightforward – to introduce self-service payment kiosks that can be used for ad hoc credit card payments without the need for registrations or app. In addition, the screens can be used to provide information for the end user at point of sale. Electric vehicle drivers will be able to initiate the charging session from the kiosk, pay for it and find information relevant to charging.

Key responsibilities:

- x Analysing and monitoring business operations, as well as providing B2B customers with reports second line support
- x Supporting engineering team to automate processes, reports and implementing new technologies
- x Feeding in B2B business requirements and system design into product roadmap
- x Actively participating on testing of new products and features

Customer Service Advisor | P&T Salit Finland Oy

July 2021 - Present, Espoo, Finland

P&T is a Swedish gym concept that is based on establishing small gyms in popular residential areas. P&T Finland is its subsidiary company with 14 gym locations in Finland. The small-scale gyms offer suburb residents practical and assessable training spaces for all age groups.

Key responsibilities:

- x Customer management in several languages – Finnish, Swedish and English
- x Responsible for escalation and collaboration with Sales team
- x Supporting and monitoring negotiation of new customer contracts
- x Supporting invoicing, billing and clearing process
- x Creating documentation and helping on diagnosing points of improvement of the CX team

Museum Guide | Tuusula Municipality

June 2020 - August 2021, Tuusula, Finland

Tuusula area is known for its diverse, historical museums which present historic, as well as modern and contemporary culture and art. Around lake Tuusula, several studio homes of passed artists have been protected and maintained by Tuusula municipality. The memorial cottage of Finland's national author Aleksis Kivi is owned by the Student Union of the University of Helsinki and maintained by the municipality.

Key responsibilities:

- x Delivering visitor-first service in a professional and friendly manner
- x Providing security in the exhibitions, making sure visitors follow both museum and exhibition requirements
- x Appointment booking and overall scheduling
- x Customer service and other simple administrative tasks

Physical Therapist | Seure Henkilöstöpalvelut Oy

May 2019 - December 2019, Helsinki, Finland

Seure Henkilöstöpalvelut offers work opportunities in Helsinki, Vantaa, Espoo as well as surrounding areas. The company provides personnel for professional work in hospitals, kindergartens, schools and homes. Töölö hospital is one of the largest trauma centers in northern Europe, with approximately 2 million people in its catchment area. There are 15 operating rooms and approximately 200 patient beds in intensive care, intermediate care, and normal hospital inpatient care. The hospital also houses outpatient clinics of several specialties, laboratory and imaging services, and a physiotherapy unit.

Key achievements:

- x Assessing patient's neurological status together with a multidisciplinary team
- x Acute traumatic physical therapy
- x Assessment of patients' need for assistive devices and further rehabilitation

Customer Service Advisor | Tapanilan Urheilutalosaäitiö

March 2015 - December 2015, Helsinki, Finland
